Auction Conducted by: *Brent Belcher & Kevin Belcher*
Master of Ceremony: **Richard Lindsey**

Welcome to the 2017 Benefit Auction!

We are pleased that this year's auction is again being held at Firekeepers Casino Hotel. Electronic bidding on tablets and mobile devices is also back - so lock in your bids early and keep close tabs on your favorites in the "My Bids" link! There will be more great food provided by Firekeepers again this year too, and we're especially excited about the addition of a chocolate fountain.

Last year was our first year with live entertainment and, since it was so well received, we've brought it back! The band Chameleon will be entertaining you throughout the night to get everyone in "rock" mode. We have a few new games this year too, so please impress us with your rock music knowledge while playing Song Pop, Rock Trivial Pursuit and spin the wheel. There are some sweet raffle prizes you'll want a chance at winning so don't pass up on these games!

My co-chair Mike Beck, our very generous volunteers, and Oaklawn staff have helped orchestrate this event with me and I'm extremely grateful to all of them. They have worked diligently and were very giving of their valuable time to help make this auction a success. Also, a big thank you to the staff at Firekeepers for helping make sure the event runs so smoothly each year.

Additionally, we would like to extend our deep and sincere thank you to the wonderful donors listed throughout the catalog and to you, our bidders, for coming out for this great cause.

We are so excited to be celebrating our 27th Oaklawn Benefit Auction with you all. Enjoy the evening and again, THANK YOU for your participation and support of Oaklawn.

The Fine Print

1. All Auction sales are final and there will be no refunds.
2. Payments must be made no later than close of festivities.
3. Cash, Checks, Visa, MasterCard and Discover are accepted.
4. Decisions of the auctioneer will be final, and in the case of any dispute or objections, the auctioneer shall act as the final authority.
5. All auction items, including travel treasures, must be used within the time limits stated and are subject to any stipulations and/or restrictions set forth by the donors.
6. Some items require arrangements through a local person. You will receive the contact person's name and other pertinent information at the time of payment.
7. Oaklawn guarantees neither the quality nor value of items auctioned. Dollar amounts stated are appraisals and/or donor values and are not warranted for tax purposes or fair market value.
8. The Auction Committee makes no warranties, implied or otherwise, regarding the auctioned items. Auction items are sold as is.
9. Volunteers will be available to answer any of your questions.
10. Each bidder recognizes and agrees that neither Oaklawn Hospital nor anyone else donating to the auction shall be liable for any occurrence resulting from the use of auctioned items or services.
11. The amount of winning bids over the published item value determines the deductibility of the purchase.

The Silent Auction

All Silent Auction treasures are displayed for viewing and for bidding, which starts at 6:00 p.m. and continues until a ½ hour after the end of the Live Auction.

Paperless Bidding System

- 1.** To help ease the checkout process, all bids will be placed at tablets available throughout the facility or on patrons' own Smart Phone or mobile device. Bid entry is simple and user-friendly and special features will allow bidders to easily monitor the progress of multiple items. Bids for any item may be placed at any terminal. The progress of a single or multiple items may also be tracked from any terminal. Just like on EBay, it's possible that many people may be bidding on the same item simultaneously.
- 2.** Since bidding will not be possible after the auction closes, bidders will want to be sure to get their final bids in before the end of the Silent Auction.
- 3.** After payment has been made and a receipt issued, Committee Members will assist winners in claiming their purchases.

The Live Auction

This year the Live Auction will begin at approximately 8:30 p.m. and will continue without interruption until all items have been sold. Live Auction items may be viewed starting at 6:00 p.m. To enter a bid during the Live Auction, the bidder simply needs to raise his/her program, with the back of the program facing the auctioneer, so that the bidder number shows, signaling the auctioneer's attention. The bid should be made promptly. The high bidder will be acknowledged by the auctioneer.
