OAKLAWN BENEFIT AUCTION

FRIDAY THE 13TH, MARCH 2026

We are excited to announce that the 2026 Oaklawn Benefit Auction will again include a two-week silent auction and an in-person event that will take place on Friday the 13th, March 2026. Superstitious? Don't worry, the virtual fundraiser can be accessed from anywhere and anyone can participate. Knock on wood, find a penny and pick it up because with your help this will be our most successful event yet!

This year we are raising money for Oaklawn's Oncology/Hematology clinic. Our clinic is a comfortable and trusted environment for treating cancer and other blood related disorders. Enclosed you will find the item donation form and information about sponsorship opportunities. This event would not be possible without your generous support.

For 36 years, this event has collectively, raised over 3.3 million dollars, benefitting so many people in our community. We are confident, with your support, we will make a difference together. This event is always well attended and putting your business's name in front of our virtual and in-person guests can translate into more customers for your business. In the process, your generosity also benefits our community's well-being. That said, you will be contacted soon by a member of our committee to discuss a possible donation to our 2026 event. If you haven't been able to donate in the past, we hope this will be the year you can contribute to our cause. If you would like to make your contribution now and a committee member has not yet contacted you, please contact Oaklawn Development Associate, Kelsey Zeilstra at 269-789-7494 or kzeilstra@oaklawnhospital.com or fill out the enclosed form(s) and return it at your convenience. If you've donated in the past or this is your first year, we thank you for your support! Either way, we encourage you to tune in to experience the auction as well as all the wonderful items individuals and businesses, such as yourself, have donated. Fingers crossed, with your valued participation, we will continue to strengthen our local hospital for everyone in our community.
